Expectations:

All staff who would be teaching Year 11 will support the internal assessments when they would normally be teaching Year 11.

The Year Leader for Year 11 or a SLT member will be present as students line up for their assessments in the Street.

A whistle will be blown when students need to line up in silence.

Year 11 teachers are to walk along lines checking students are lined up in silence in correct uniform and with the correct equipment.

Year 11 teachers will walk around the internal assessments monitoring and supporting students ensuring they are following the rules.

For each internal assessment, a member of staff will be asked by the examinations team to be the lead and will remind students of the rules.

Students will be told to:

- Be on time.
- Not cheat (don't bring anything they shouldn't or look at another's paper).
- **Not** bring:
 - Notes
 - A calculator case/instruction leaflet
- Switch off mobile phones and to leave these in their school bags.
- Switch off watches (if they are smart watches) and leave all watches in school bags.
- Bring a pencil case that must be see-through.
- Not use correcting fluid (i.e., Tippex), highlighters or gel pens.
- Not communicate (no talking, body language communication, etc).
- Not borrow anything from another student during the assessment.
- Read the seating plan which will be stuck outside the hall. Once they know where they will be sat, get into a line according to the row they are in – there will be a sign indicating where to go.
- Take off their coats and get their equipment out **BEFORE** entering the building, when their row is called out.
- Place bags and coats at the front of the hall.
- Ensure there is always **complete silence** in the hall.

At the end of assessments, staff members supporting will escort students to break, lunch or offsite if they are finished for the day.
