

Brentside Sixth Form Celebrates Another Year of Outstanding Results

Brentside's Year 13 students have once again celebrated outstanding success across both academic and vocational qualifications. The vast majority of students secured high grades, with 90% achieving at least one A*-B grade or Distinction*-Merit and almost two-thirds attaining the highest grade of A*/A or Distinction*/Distinction. BTEC students performed particularly strongly, with more than 97% of grades awarded at Merit or above. These achievements reflect the dedication of our students, the expertise of our staff, and the strong partnership between school and families. These achievements reflect the dedication of our students, the expertise of our staff, and the strong partnership between school and families.

Based on previous years' outcomes, initial value-added measures for A Levels suggest that student progress is likely to be **significantly above the national average for the third consecutive year**. This would continue Brentside's outstanding track record of **eight years of A Level progress averaging in the top 10% nationally, according to ALPS**, demonstrating the consistently high levels of progress students make during their time in the Sixth Form. Progress in vocational qualifications also remains excellent and is expected to be significantly above the national average.

"Today's results reflect the ambition, hard work and perseverance of our students. They have achieved excellent outcomes across a wide range of academic and vocational qualifications and should be immensely proud of what they have achieved. We are delighted to see so many progressing to their chosen destinations, including leading universities, higher degree apprenticeships and other exciting opportunities. We congratulate our students on their success, thank our staff and families for their ongoing support, and wish the class of 2026 every success for the future." Hider Mahdi, Assistant Headteacher (Sixth Form)

Examples of the many **individual success stories** are: Hamid (AAAAA), Maximillian (A*AAB), Rania (AAAA), Mateen (AAA), Iman (AAAB), Daniel (A*AAB), Roman (A*AAC), Nina (A*ABBB), Maria (AABB), Ibrahim (AABB), Tanisha (AABB), Priya (ABBB), Alina (Di*Di*Di*B), Taskia (Di*Di Di A), Mustafa (Di*Di*Di A), Raahim (Di*Di*Di B), Amra (Di*Di*Di D).

Students are excited to be continuing their learning in their chosen areas of interest, examples of which include:

Law at **Queen Mary University of London, City St George's, University of London, University of Greenwich**, and **Royal Holloway, University of London**; Psychology and Biomedical Science at **Brunel University of London**; Accounting and Finance, Business Management, Economics, Marketing and Management, History and International Relations, Design Innovation and Creative Engineering, and Law at **Queen Mary University of London**; Business Management, Finance and Accounting, Mathematics and Finance, Law LLB, Civil and Infrastructure Engineering, Speech and Language Therapy, and Introduction to Health Sciences at **City St George's, University of London**; Economics, Accounting and Finance, Management with Accounting, Economics and Management, Marketing, Law with Criminology, and Law with International Relations at **Royal Holloway, University of London**; Data Science at **University of Brighton**; Economics and Business with East European Studies and Electronic and Electrical Engineering with Integrated Foundation Year at **UCL (University College London)**; Architecture, Pharmaceutical Chemistry with a Year in Industry/Research and Pharmacy at **University of Reading**; Business Economics at **University of Leeds**; Economics and Finance at **University of Surrey**; Physics at **King's College London**; Fashion Design at **Sheffield Hallam University**; Forensic Sciences and Diagnostic Radiography at **London South Bank University**; Psychology with Human Neuroscience at **University of Plymouth**; Nursing (Adult) at **Middlesex University**; Interior Design at **University of the Arts London**; Biology at **University of Bath**; Medical Science at **Anglia Ruskin University**; Pharmacology at **University of Portsmouth**; Hair, Make-up and Prosthetics for Film and Performance at **Buckinghamshire New University**; Pharmaceutical Science (with Foundation Year) at **Kingston University**; Economics at **Manchester Metropolitan University**; Digital Media Production and Marketing at **Oxford Brookes University**; Education at **Brunel University of London**; Degree Apprenticeship with **Mars**; a Claims Adjuster Apprenticeship; and an Insurance Apprenticeship.
