

Celebrating success at Brentside

We are delighted to **congratulate Brentside High School's Year 13 students on their excellent examination results.**

Today's results reflect the resilience and determination with which students have responded to the challenges created by the pandemic and reward the excellent progress they have made throughout their courses. With a national return to pre-pandemic grading, we are proud to be able to celebrate the successes of our students, many of whom have secured the top grades.

Achievement is strong across both A Levels and the vocational BTEC qualifications. As examples of this, approaching 20% of all A Level grades were A*/A and almost half of all grades were A*-B. In the vocational courses, 60% of all grades were Distinction*/Distinction and 89% Distinction*-Merit. An impressive 66% of our students achieved at least one of these top grades.

Julia Boshier, Head of Sixth Form, said *"I am immensely proud of our students' achievements throughout their time in Sixth Form. I wish every one of them great success in whatever path they choose for their future and look forward to hearing from them in the years to come."*

Hider Mahdi, Assistant Headteacher, said *"Another year of great results! Students have experienced their own challenges on their journey through Sixth Form and have engaged in a breadth of extra-curricular opportunities to maximise their achievements and to prepare them for future success. Congratulations to all our students for the wide range of exciting destinations they have secured including university degrees, apprenticeships and employment. I would*

like to publicly acknowledge and thank our highly invested staff and families for supporting our students to achieve these exceptional results and excellent progression routes."

Examples of the many individual success stories are: Emilia (A*A*A*A), Aryan (A*A*A*), Somaya (A*AAA), Walada (A*AAA), Aafreen (A*A*AA), Mohamad (AAAA), Anjali (A*AAAB), Arshiya (AAAB), Borna (AAAC), Alicja (A*ABB), Kamil (A*ABB), Hafsa (Di*Di*Di* B), Sanjay (Di*Di*Di A), Priya (Di*Di*D B), Abdulhai (Di*Di*D B), Najah (Di*Di*D B), David (Di*Di*Di C).

Charlotte Hames, Headteacher, said, "It is both inspiring and rewarding to see our students achieve the grades that they have worked so hard for and that they deserve. We are proud of ALL of our Year 13 students and thank all those who have guided and supported them. Well done to our Class of 2023. We wish you all the best in the next stage of your journey and look forward to hearing of your successes."

Students are excited to be continuing their learning in their chosen areas of interest, examples of which include:

Chemistry, Neuroscience and Psychology at **Kings College London**; Medicine at **University of Plymouth**; Medicine at **University of St Andrews**; Chemical Engineering at **Imperial College London**; Computer Science with professional placement at **University of Bath**; Neuroscience, Chemical Engineering, Computer Science, Business with Law, Politics and International Relations, Robotics Engineering with a Year Abroad at **Queen Mary University of London**; Criminology with Forensic Psychology, Law with Criminology, Politics and Sociology at **University of Leicester**; English Language and Literature at **University of Nottingham**; Economics and Finance (Industry), Business Management **Lancaster University**; Computer Science (with placement year) at **Loughborough University**; Economics, Law, Politics, Aeronautical Engineering at **City, University of London**; Sport Coaching at **Bournemouth University**; English Literature, English Law and French Law, Computer Science with Industrial Experience at **University of Exeter**; Ancient History, Business Management at **University of Leeds**; Law with Placement, Accounting and Business Management, Politics, Aerospace Engineering with Placement, Mathematics and Computing, Economics, Music (Production) with Placement at **Brunel University London**; English, Business Psychology, Real Estate Management,

Economics, Architecture, Fashion Promotion and Communications, Aerospace Engineering (Space Technology) at **Kingston University**; Japanese Studies and History, English Literature at **University of Sheffield**; Fine Art, Media and Communications at **Cardiff University**; Cognitive and Clinical Neuroscience, Biomedical Science, Digital Marketing **University of Westminster**; Computer Science, Criminology and Sociology, Psychology, Clinical Psychology and Mental Health, Business and Management, Classical Archaeology and Ancient History at **Royal Holloway University, London**; Sociology at **University of Surrey**; Politics, LLB Law at **SOAS**; Business Management at **University of Aberdeen**; Ancient History, Business Management at **University of Leeds**; Fashion Marketing and Content Creation, Architecture, Public Relations, Graphic and Media Design, Animation, Graphic Communication Design, Hair and Make-up for Fashion at **University of the Arts London**; Mechanical Engineering, Physics, Business Management at **University of Southampton**; Cyber Security, Early Years Education, Computer Science at **University of West London**; Software Engineering with **Intuition IT**; Civil Engineering Photography Apprenticeship with **HM Photography**; Childcare Apprenticeship with **Hungry Caterpillars Nursery**; Decorative Metal Welding Apprenticeship with **Westminster Metal Fabricators Ltd.**
